## PERFORMANCE GUARANTEE FEES

### Calculation of Performance Guarantee Deposit

Performance Guarantee Deposit is paid by both the buyer and seller for each order.

**Performance Guarantee Deposit = Quantity \* Reference Price \* Category %**

**Note:** The Reference Price for items currently being traded is provided in this document. The reference price for an item can be updated without prior notice.

**Note:** The Category % is dependent on the category of the item being traded. The Category % can be updated without prior notice.

## Calculation of Commission Fee

The commission fees are calculated based on the invoiced value of the order and commission rate applicable as per the seller's membership type:

**Commission Fees = Invoiced value of the order \* applicable commission rate**

## Reference Table

S. No	Product Category	Reference Price	Category %	Base Commission %
1.	Steel TMT Bars	Rs. 40,000 Per MT	1.0	Rs. 100 PMT
